Social/Spanish Language Arts	All Spanish Bilingual Students are enrolled in Social Studies and Spanish Language Arts 10						
Physical Education (PE)	Physical Education 10 – All Grade 10 Students are enrolled in this class as part of their Alberta High School Graduation requirement.						

New in 2025/2026 – Math 10-3 Plus

This accelerated Math 10-3 course is intended for students demonstrating good (3+) achievement in some outcomes, while demonstrating basic (2) achievement in other grade 9 outcomes in mathematics. Math 10-3 Plus will provide the opportunity to better prepare students for the increased pace and rigor of high school mathematics. Upon completion of Math 10-3 outcomes, students will be provided introductory materials and instruction to prepare for the possibility of Math 10C in future semesters.

When Math 10-3 Plus is successfully completed, students can then take Math 20-3, which satisfies Alberta High School Diploma Requirements. Alternatively, with teacher recommendations and conversations with guidance counsellors, students may attempt Math 10C in future semesters.

Please note: This course will appear as “Mathematics 10” on your timetable however Math 10-3 credit will be awarded upon completion of this course.

Part B: SPANISH BILINGUAL Complementary Courses

Please number your overall choices 1- 8 in order of preference (#1 being your top choice). **Choose carefully. It may be difficult to change your options later as space is often limited. Complementary courses are subject to student enrollment.** See the Course Complementary Guide on our school website for more detailed course descriptions available under Teaching & Learning – Program, Focus & Approach – Complementary Courses or scan the QR code below.
