Preparing to Apply

Choose 2 programs to apply to.

Generally, you must present four academic grade 12 subjects and 1 option/elective.

You don't pick what you are applying with! It's program specific and the Universities review your DAR's.

There is a difference between universities in what they will accept.

Some faculties are more restrictive: E.g. Engineering Math 30-1, Math 31, Physics 30, Chemistry 30 and English 30-1

TIP: Go to MyBlueprint.ca/cbe and log in under CBE school district and Canada wide admission requirements and schools that offer the programs you are interested in. You can "heart" and save your favorites to come back to later.

Post-Secondary schools will also list these on their sites.

SAIT U of C MRU BVC

U of A UBC U Vic U of Toronto

My Pass

myPass is an Alberta Education self-service website for students to:

- Order high school transcripts in English and French
- View diploma exam marks
- Register to write or rewrite diploma exams with online payment
- View and print Detailed Academic Reports (DAR)
- View progress towards a credential (diploma or certificate)
- Order additional copies of an awarded credential in English or French
- Receive notifications for important messages

How do I see my diploma marks/print a transcript/get a letter of enrollment/find out whether you are on track to graduate?

What if I need to order a transcript for an out of province school?

How to Apply

Visit Apply Alberta if you are applying to a school in Alberta Apply Alberta

This is a site post-secondary schools in Alberta use so that they can pull transcripts as needed (you give permission as part of completing your application).

Each province generally has their own portal - for example Ontario uses ouac

and BC uses education planner bc

TIP: When you apply, please list all grade 11 and 12 courses if you are asked to self-report and schools will look at what you have and admit you with the courses that work and you have the best grades (or projected grades in). Some look at self reporting/ some do not.

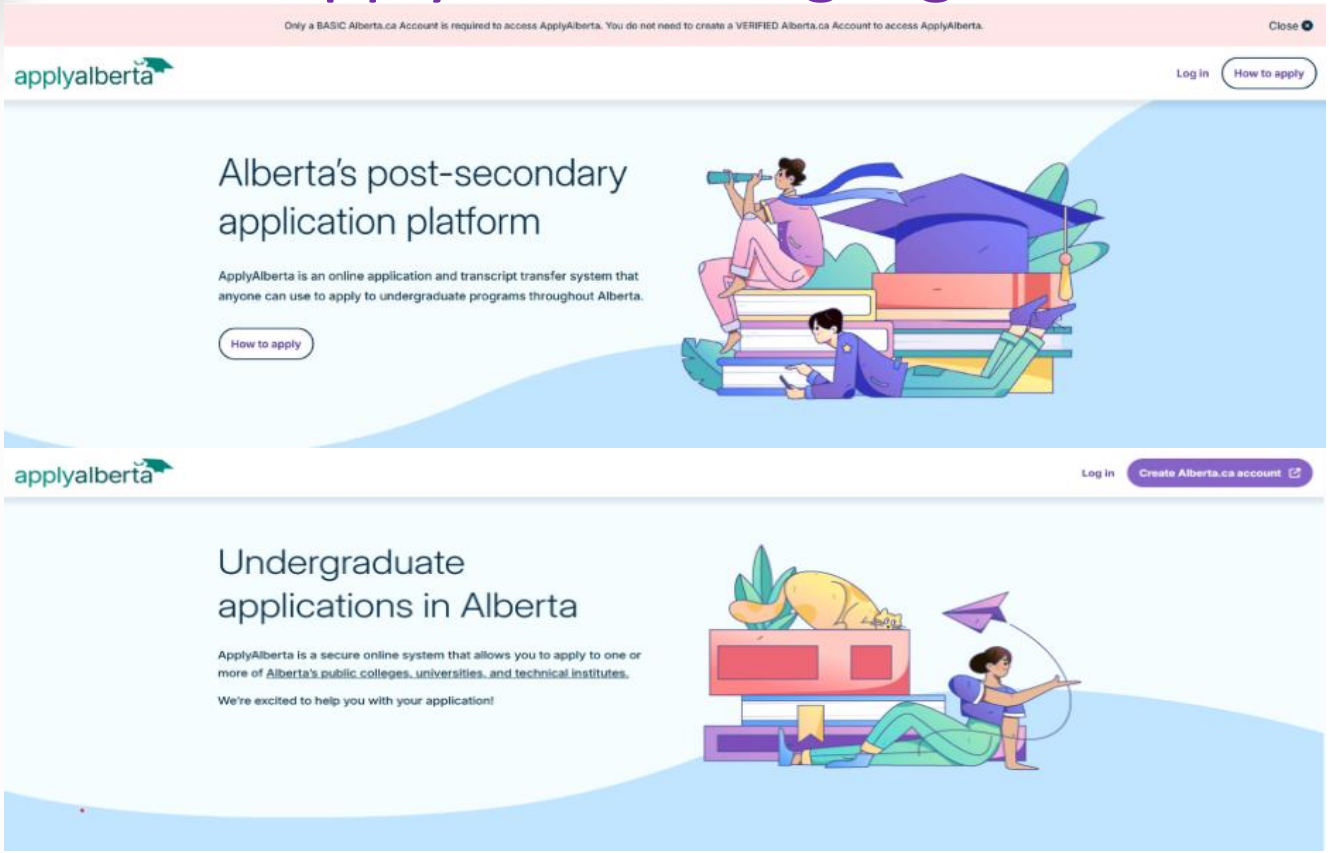

Make sure you complete a request through your My Pass account for your final transcript to be sent from Alberta Education to each **out-of-province university** you are applying to

Apply Alberta Highlights

cbe.ab.ca

Here are the steps you'll go through to complete your application:

1

Create your account

First, you will create an Alberta.ca account and provide your Alberta Student Number (or create one if you have never studied in Alberta before).

Only a BASIC Alberta.ca Account is required to access ApplyAlberta. You do **not** need to create a VERIFIED Alberta.ca Account to access ApplyAlberta.

Please be sure to use an email you will have access to when you finish high school to set up your Alberta.ca account. School assigned emails are not accessible once you graduate and you will need to be able to access the email you provide to complete the set-up process.

2

Fill in your profile

Now you have access to the ApplyAlberta portal. At this point, you will make sure that your profile is fully completed (missing profile information will delay your ability to apply).

ApplyAlberta is where you will manage your applications and view transcript requests that institutions have made on your behalf.

3

Complete your application

Almost there! Now you will 'Start a New Application' at the institution of your choice. You will be directed to the institution's application portal where you will apply and pay any application fees.

Once Alberta ID is created, log out and log back in on 'Apply Alberta link'

When filling out schools and courses, be sure to list all additional schools and enter courses within the specific school you completed or are completing the course with. If upgrading, you can add that to the correct school. Projected marks are required. Add only the 20 levels and the 30 levels of the 5 courses required for your program of choice.

cbe.ab.ca

relate to the program you are applying for

- Final grades for completed courses

When entering a grade for an upcoming course, please enter the mark you think you'll most likely get. Some schools may look at these grades when reviewing your application, so do your best to give an honest estimate.

Note: you can enter up to 40 courses

Sept. 2024 - June 2027

Courses

English Lang Arts 20-1	Completed · 75 · 5 cr · 01-JAN-2026	
Biology 20	Completed · 61 · 5 cr · 01-JUN-2026	
Mathematics 30-1	Upcoming · 80 · 5 cr · Possible: 01-JUN-2027	
Biology 30	In Progress · 80 · Unknown cr · Possible: 01-JAN-2027	

+ Add Course

Golden Hills Learning Academy

July 2026 - Jan. 2027

Courses

English Lang Arts 30-1	In Progress · 75 · 5 cr · Possible: 01-JAN-2027
Social Studies 30-1	Completed · 71 · 5 cr · 01-AUG-2026

Highest Grade Completed

Pick the school where you finished or will finish the highest grade level before starting post-secondary.

Then, choose the highest grade you have completed or plan to complete at that school.

Identity · Contact · Background · Education · ASN

Which school did you complete the highest level at? *

- (●) Crescent Heights High School
- ( ) Golden Hills Learning Academy

The highest grade you have completed or plan to complete *

Grade 12
