| 28 | 29 NID | 30 NID | | | | |

Credit recovery: A scheduled program that allows students to earn missing credits. Focuses on targeted instruction and assessment of key outcomes that were not successfully achieved.

Credit rescue: An intensive support process designed to help students who are at risk of failing a course post report card deadline due to extreme circumstances. Students complete essential outstanding work and receive focused support to meet minimum course requirements and earn the credit.

Gr. 9 Transitions: A support process that helps students move successfully from a school setting to another. This may include family meetings to ensure continuity in learning and overall student success.
